## **Create a beautiful home with Wallace Cotton**

Wallace Cotton are a family-owned New Zealand bed linen and homeware business. Celebrating beautiful designs, great quality and living with a little luxury every day, Wallace Cotton has been in homes worldwide for more than 15 years. It all began with us making a quilt cover as a gift for a friend. That first quilt cover was so well loved that it inspired us to start a bed linen business based on beautiful designs and quality cotton. Our first catalogue was mailed to a small group of friends in 2006. Family members pitched in to help get the business up and running and many are still working with us today.

For us the story is just getting started and we are excited to bring more designs from New Zealand to life in customer's homes around the world. We use beautiful natural fabrics to create quilt covers, bed covers, sheets and sleepwear to love. Our collectable range of homeware, kitchen linens and bathroom accessories are designed for easy living and thoughtful gifting. From tropical palm trees to seasonal florals, our unique designs bring a sense of the outdoors in and embrace a relaxed lifestyle.

### **Bed linen**

Inspired by nature, we love creating bed linen from natural fabrics in beautiful designs. Our bedding collections are designed with purpose to effortlessly coordinate with our current ranges and with customer's existing pieces. Our quilt covers, sheets and pillowcase separates are crafted from a considered range of fabrics to suit everyone, from crisp cotton, sumptuous cotton sateen and organic cotton to stonewashed European linen. For the cooler months layer your bed with bed covers made from cotton and lustrous velvet for beauty and warmth. And for the complete sleep experience, we offer all bedding essentials made from beautiful, natural fabrics and fibres. Quilt cover inners made from ethically sourced feather and down, pure NZ wool, and organic cotton, perfect for all season sleeping. Discover your perfect pillow and indulge in a luxurious mattress topper for the most comfortable sleep.

### **Homeware**

Complete your home with cushions, cosy knitted throws, the softest bath towels and lovely fragrance. Our cushions and throws beautifully complement our quilt covers, but are designed to go with everything so you can style with existing pieces for an easy bed or sofa update. Bathe in luxury with our supremely soft Egyptian cotton and pure cotton bath towels in a range of modern and classic colours. And scent your home for a long-lasting aromatic experience with our fragrance collection of candles, soaps and diffusers, made with love in New Zealand.

### **Sleepwear**

Our sleepwear is made from soft, breathable and natural fabrics for the best nights' sleep. Our range includes robes, nighties, nightshirts, PJ separates, camisoles, sleep shorts and matching eye masks. Mix and match our PJs with our soft, comfy organic cotton separates range for endless beautiful sleepwear combinations.

## **Kinder on the planet**

At Wallace Cotton, sustainability is important to us. Every step in our process from design to production, is carefully considered for its impact on the environment. With true craftsmanship and enduring style, our pieces are made in small batches, designed to last and to be enjoyed every time they are used. Where possible, we use certified organic cotton for our bed linen and sleepwear collections. Breathable, comfortable and sustainable, organic cotton is kinder on our skin and the planet. Our customers feel good about choosing conscious cotton because it doesn't cost the earth.

## **Partnering for good**

We believe that a small gesture can make a big difference. We love partnering with people and organisations who have a passion for helping others and the environment. Summer 2020 saw the launch of our partnership with Live Ocean, a noble NZ charity raising funds for maritime conservation projects. We have always enjoyed a strong connection with the sea and were inspired by the projects that Live Ocean have undertaken to raise awareness of our oceanic environment. Our talented textile designers have created two beautiful designs, Dreams in Flight and Whale Tales. These designs have been made into organic cotton quilt cover sets and cushions. A portion of each sale is donated directly to Live Ocean projects.
