

The University of Tennessee Medical Center (UTMC) seeks a dynamic, distinguished executive to serve as its next Senior Vice President, Chief Information Officer (SVP/CIO). As the region's academic medical center, Magnet® recognized hospital and Level I Trauma Center, The University of Tennessee Medical Center serves as a major referral center for East Tennessee, Southeast Kentucky and Western North Carolina which includes a 21-county region. The SVP/CIO will be an active member of a high functioning, collegial senior leadership team supporting UTMC's strategic priorities – quality and safety, efficiency and effectiveness and experience for patients, providers and team members. This is a tremendous opportunity to lead and innovate while helping shape the trajectory and direction of a leading academic medical center that has experienced unprecedented growth.

Reporting to the Senior Vice President & Chief Financial Officer, the SVP/CIO will provide the strategic and operational leadership to effectively guide the future direction of IT and digital technology transformation, in alignment with the mission and goals of UTMC. The SVP/CIO will develop the vision and plan to further evolve the technology enterprise in support of system-wide business and clinical operations.

The new SVP/CIO will build off the existing environment and lead in modernizing the technology infrastructure, working collaboratively with leadership and staff throughout UTMC. Several areas of focus include creating the digital technology roadmap with an emphasis on improving the patient experience, overseeing the continued optimization of the Cerner Electronic Health Record, implementing a new revenue cycle system and maintaining a robust cybersecurity program.

The ideal candidate for the SVP/CIO position will be a strategic executive with a proven track record of success leading IT at a complex healthcare provider with special focus given to candidates with extensive experience in healthcare systems strategy and implementation. The SVP/CIO will be a collaborative, team-oriented professional who partners and communicates effectively in a relationship driven culture. Developing strong, trusting relationships with leadership, staff and physicians is essential. The SVP/CIO will be an innovative leader and contribute broadly as part of the senior leadership team. Candidates must demonstrate the ability to work with others to develop a vision, effectively prioritize and maximize IT resources, and deliver results at a transforming academic medical center.

All applications, nominations and inquiries are invited. Applications should include, as separate documents, a resume and a letter of interest. Please direct all application materials to Nick Giannas or Scott Dethloff via the WittKieffer Candidate Portal <https://apptrkr.com/5484690>.

The University of Tennessee Medical Center values diversity and is committed to equal opportunity for all persons regardless of age, color, disability, ethnicity, marital status,

national origin, race, religion, sex, sexual orientation, veteran status or any other status protected by law.
