

Executive Director, Information Technology – HaysMed – Hays, Kansas

WittKieffer is proud to partner with the [HaysMed](#) to conduct the national search for their next Executive Director of Information Technology.

HaysMed is a private, not-for-profit, 207 bed hospital, and the only tertiary care center in the region. With their longstanding legacy of healthcare excellence, HaysMed offers advanced specialization and excellence in primary care across a complete range of healthcare services. In 2022, HaysMed was recognized as a Top 20 Rural and Community Hospital by the National Rural Health Association. The organization also received Healthgrades' Outstanding Patient Experience Award in 2022, and consistently achieves a four-star patient satisfaction rating from the Centers for Medicare & Medicaid Services.

Reporting to the Chief Executive Officer, the Director of Information Technology's key responsibilities include fostering a positive leadership environment that emphasizes teamwork, open communication, and effective problem solving, as well as ensuring compliance with regulatory standards through policy creation and revision. Additionally, the role involves managing human resources processes, financial budgeting to meet corporate goals, and overseeing all IT operations to satisfy customer needs and maintaining infrastructure.

The ideal candidate will possess a Bachelor's Degree in Computer Information Systems, Engineering, or related field and at least seven years' experience with: enterprise information system applications, networking, data-communications equipment, local and wide area networks, computer operating systems and other computer hardware. In addition, they will have a minimum of three to five years supervisory experience in hospital or business administration and the ability to manage and direct associates. A Master's Degree in a related field is preferred.

Interested parties can apply directly through the WittKieffer Candidate Portal, [here](#), or by sending resumes, confidential nominations, and inquiries to Mike Raddatz through the office of Ethan Robles via email: erobles@wittkieffer.com.
