

Associate Chief Information Officer (CIO)

Westbrook, ME

MaineHealth Corporate

Full Time - Days

MaineHealth is currently seeking an Associate Chief Information Officer to help lead our Information Technology team.

Summary and Responsibilities:

The Associate Chief Information Officer (ACIO) plays a critical role in ensuring the efficient and effective day-to-day operations of information technology (IT) systems across MaineHealth. Reporting to the Chief Information and Digital Officer (CIDO), the ACIO will oversee large portions of the operational management of the IT Division, ensuring that all IT infrastructure, applications, and services meet the needs of the health system. The ideal candidate will have a strong background in IT operations, leadership skills, and the ability to collaborate across divisions and within clinical, research and administrative areas to enhance technological capabilities while maintaining operational excellence.

Job Qualifications and Requirements:

- Education: Bachelor's Degree required. Master's degree in information technology, Computer Science or related field preferred.
- Experience: Minimum of 7-10 years of experience in IT operations, with at least 5 years in a leadership role in a healthcare setting.
- Strong experience managing IT teams and overseeing complex IT systems and infrastructures in a large-scale environment.
- In-depth understanding of healthcare IT operations, including EHR/EMR and other healthcare applications including imaging systems, ERP systems and health data interoperability.
- Expertise in IT infrastructure management, network administration, and systems integration.
- Familiarity with IT governance frameworks and industry standards (e.g., HIPAA, HITRUST).
- Strong knowledge of effective project management, to ensure that initiatives are successfully implemented. This includes the ability to oversee multiple concurrent initiatives.
- Knowledge of security protocols, disaster recovery strategies, and business continuity planning.
- Excellent interpersonal and communication skills, including presentation to executive leaders including the Board, with the ability to work collaboratively with diverse teams and stakeholders.
