

# HOW DIVERSE ARE THE NEEDS OF YOUR STATE?

When it comes to accessing and leveraging the flow of preservice educators (practicum, student teachers, residents, etc.) into hiring pipelines, district needs differ by many factors, but two critical ones are **district size** and **geography**.

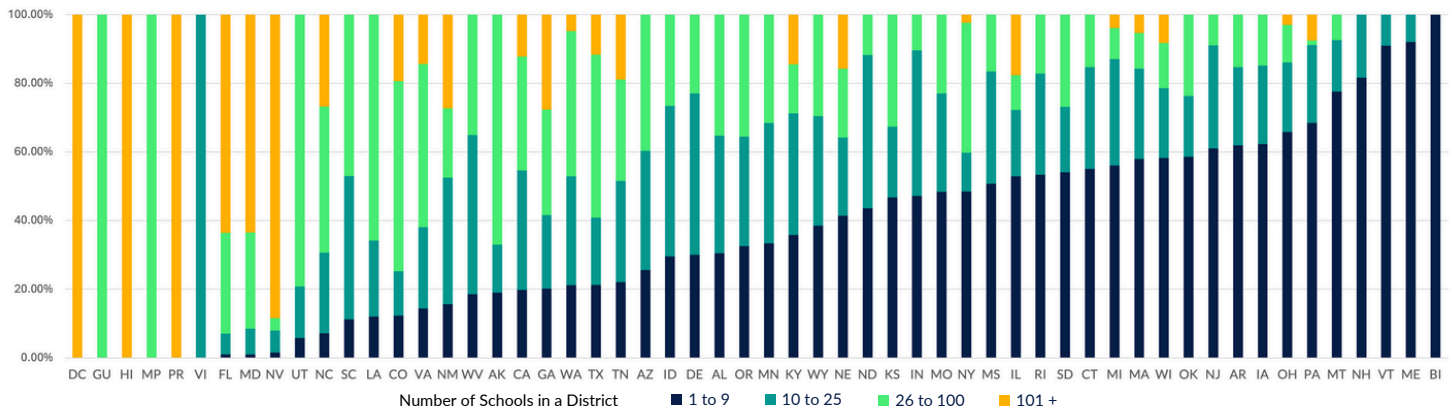

Percent of Students by District Size

Percent of Students by Geography

## Where do students in your state go to school?

Scan the QR code to access the full article which includes 3 easy steps states can take right now to support educator pipelines for all districts.
