

## SCHEDULE 8

### Highway 407 Lands Availability Schedule

The Highway 407 Lands Availability Schedule consists of the information contained in Appendix 8 Property Acquisition Status Chart, in the Request for Proposals - Development And Design-Build For The Western Extension of the 407 Express Toll Route (ETR), and Appendix 8, Property Acquisition Status Chart in the Request for Proposals - Development and Design-Build for the Highway 407 East Partial Extension both of which are attached hereto.

The Grantor may not have acquired all of the Highway 407 Lands by the Effective Date. Those Highway 407 Lands not acquired by the Effective date are called the "Remaining Lands"). The Grantor covenants to acquire the Remaining Lands and make them available to the Concessionaire, subject only to Province Permitted Encumbrances, by December 31, 1999. The Grantor agrees to use its commercially reasonable efforts to terminate all leases of Highway 407 Lands by August 31, 1999. Any failure by the Grantor to provide vacant possession of any portion of the Highway 407 Lands within the time provided in the Highway 407 Lands Availability Schedule which has a material effect on the timing of the performance of the Work shall, notwithstanding anything contained in the Concession Agreement, be deemed to constitute a Delay Event
