KAYO'S KUNG FU TRAINING CUBE

As chief of security for International Rescue, I'm an expert in self-defence. Piece this cube together, then roll it to find out which of my Kung Fu beginner moves to try.

INSTRUCTIONS:

1. Cut along the **bold** outer line.
2. Crease **dashed lines** back to back.
3. Add glue on tabs marked 'GLUE HERE'.
4. Fold tabs inside and stick to form a cube.
5. Roll cube to select a move to try.
