

Leverage SHARE Principles for Patient Decision Making¹⁻³

**Traditional uni-directional
HCP-centered view**

Shared patient decision making occurs when an HCP and a patient work together to make a healthcare decision that is in the best interest of the patient

**New bi-directional
patient-centered view**

SEEK
your patient's participation

HELP
your patient explore and compare treatment options

ASSESS
your patient's values and preferences

REACH
a decision with your patient

EVALUATE
your patient's decision
