

## We are looking for a senior backend frontend developer

Here at adhoc, we want to play our part in making the world a better place. And we believe that to do this, we need solutions that are easy to use and reliable. As such, we support our customers with intelligent fill level monitoring with flexible, customisable hard- and software a comprehensive service package .

Join our team and help us develop smart solutions that simply make the world a better place..

### Your profile

- Several years of experience with cloud applications
  - Experience with Javascript / NodeJS / TypeScript
  - Basic knowledge of HTML and LESS or CSS
  - Experienced with Git
  - Already worked with frontend frameworks like React or Angular
  - Docker is no stranger and you have already worked with containers
- Backend Tech-Stack: MQTT, NodeJs, SQL, GraphQL, AWS-AppSync, AWS-IotJobs, AWS-ShadowDevices, AWS-S3, InfluxDB
  - Frontend Tech-Stack: HTML, LESS/CSS, Angular, npm

### Your tasks

- Customize the infrastructure in the cloud (infrastructure as code)
- Testing the infrastructure
- Writing and initial testing of AWS Lambda functions
- Extending our Angular-based frontends according to design specifications
- Solving problems in the frontend and backend area
- Documentation of own tasks in Jira

## What you get

- Active participation in shaping the working environment in a growing start-up in the SmartWaste sector
- Pleasant and familiar atmosphere with flat hierarchies
- Free choice of workstation or notebook
- Working in a home office by arrangement
- 30 days vacation
- Access to the learning platform "Udemy" for individual further training
- Free access to beverages and company sports

## Weekly working hours

- 35 to 40h/week possible
- Trustful capturing of the working time

The salary can range between 60,000 and 75,000€/year depending on experience and qualifications. In addition, we can provide a HVV card upon request.

Please send us your complete application documents, stating your earliest starting date and your salary expectations, exclusively by e-mail to [jobs@ad-hoc.com](mailto:jobs@ad-hoc.com).

If you have any questions, please do not hesitate to contact us at +49 40 600 60 16 0.

We are looking forward to meeting you!
