FORMAT REQUIRMENTS:

DO NOT edit the page orientation of the template as this will negatively impact how the front and back artwork aligns.

Please, always supply a two page PDF running in the following order:

Page 01 - Front and Back Pages

Page 02 - Inside of Back and Front Pages

If you would like a single sided Greetings Card with nothing on the inside, please supply Page 02 blank. Page two is still requires for single sided print.

Please allow 3mm bleed on all sides, and supply as a CMYK PDF with all fonts outlined or embedded, and with a resolution of 150dpi.

All text/images not intended to go over the page edge should be a minimum of 3mm away from the Trim Line.

Please ensure all overprints and transparencies are flattened prior to submitting artwork.

For best print results please stick to the template and refer to our video tutorial available on the product page or our help centre.

For more information please refer to our online help centre, or call 0330 024 0020

BLEED AREA:

This area will be removed. Extend any colour or images intended to go over the page edge 3mm bleed area.
