

The image shows a template for a 'Ripple Festival Flag'. It is a vertical rectangle with a wavy, ripple-like border on the right side. The template is divided into three main regions: a top section with a light gray background, a middle section with a white background, and a bottom section with a light gray background. The top and bottom sections are separated from the middle section by a solid black line. The middle section is further defined by a solid black line on the left and a dotted line on the right. The top-left corner of the middle section is rounded. In the top-left corner of the white middle section, there is a small, rounded rectangular box with a wavy border, containing text and instructions. The text 'RIPPLE FESTIVAL FLAG' is in a large, bold, sans-serif font. Below it, 'Finished size approx. W 700mm x H 2848mm' is in a smaller, bold, sans-serif font. Below that, a note says 'Please note: this template is set at 25% of the finished size. Do not alter or resize the template.' Below the note, there are three bullet points, each with a small square icon and text: a solid gray square for 'BLEED AREA', an open square for 'TRIM LINE', and a dotted square for 'SAFE AREA'.

RIPPLE FESTIVAL FLAG

Finished size approx. W 700mm x H 2848mm

Please note: this template is set at 25% of the finished size. Do not alter or resize the template.

- BLEED AREA: This area will be removed. Extend any background colour or images in to this bleed area
- TRIM LINE: Finished print size
- ⋯ SAFE AREA: All text should be kept within this area
