

## Scheduling one-on-one meetings has never been simpler

Book project updates, feedback sessions, or interviews in two quick steps.

Schedule as many one-on-one meetings as you like with one Doodle invitation. Once a time is chosen it's booked to your calendar automatically.

- ✔ **Create a Doodle with possible meeting times.** Send it out to any number of guests.
- ✔ **Your guests choose their meeting times.** Schedule multiple 1-on-1 meetings. No double-bookings.
- ✔ **Sync meetings automatically.** Once a time is chosen it's added to your calendar and your guest's automatically.

“Previously we used Doodle just for the group polls, but now using the one-on-one tool makes a huge difference to myself and my colleague.”
