

Building Information Sheet - Patio

What is a patio?

A patio is an open sided structure, enclosed on no more than two sides, with a roof that is impervious to water. A patio may or may not be attached to a dwelling. It is a class 10a structure.

Do I need a Building Permit?

Yes, a Building Permit is required for the construction of a patio. However, if the patio is less than 10m² in floor area, freestanding and is no taller than 2.4m it does not require a permit.

All patios that are attached to other structures require a permit regardless of size and height. You must obtain a building permit from the City of Armadale prior to commencing any building work.

The setback requirements for a patio are outlined as per the Local Planning Policies and Residential Design Codes.

Please note Planning approval may be required for a patio, before a building permit can be issued. For further information please contact the City on 9394 5000 or via email at info@armadale.wa.gov.au

For more detailed information on how to apply, please visit <https://my.armadale.wa.gov.au/service/apply-for-building-approval>.

Do I need to be a registered builder?

Yes, if the build cost is \$20,000 or more, a builder's registration or Owner-Builder approval is required for the construction of a patio.

For more detailed information on builder's registration or becoming an owner builder, please visit the WA Government website <https://www.wa.gov.au/government/publications/do-i-need-be-registered-builder> and/or <https://www.wa.gov.au/organisation/service-delivery/owner-builder-approval>.

What is a certified application?

A certified building permit application must be accompanied by a Certificate of Design Compliance BA3 form (CDC) issued by a registered, independent building surveyor. A certified application can be submitted for all residential and commercial classified structures.

The City has up to 10 business days to assess a certified application, unless further information is required.

What is an uncertified application?

An uncertified application is submitted to the City for assessment against relevant building standards by one of the City's registered building surveyors. A CDC will be issued by the City. An uncertified application can only be submitted for class 1a and class 10 structures.

The City has up to 25 business days to assess an uncertified application, unless further information is required.

How long is my permit valid for?

A building permit issued by the City of Armadale is valid for two years from the date on which it was granted. If more time is required to complete the building works, you can make an application for an extension of time. To apply for an extension of time, please visit <https://my.armadale.wa.gov.au/service/apply-for-building-approval>.

What happens when I have completed my building works?

The nominated builder on the Building Permit must submit a Notice of Completion BA7 form to the City within seven days of completing the prescribed building works. To submit a Notice of Completion, please visit <https://my.armadale.wa.gov.au/service/apply-for-building-approval>.

Building Application Checklist – Patio

A completed application form <ul style="list-style-type: none"> • A 'BA1 - Application for Building Permit - Certified' or 'BA2 - Application for Building Permit - Uncertified' form. • Application form to be completed in full and signed by the nominated builder and applicant • Application forms are available from the Department of Local Government, Industry Regulation and Safety's (LGIRS) website https://www.wa.gov.au/organisation/departments-of-local-government-industry-regulation-and-safety
