RESPONSIBLE : Executive Director
MANAGER : Development Services

In Brief:

- On 25 July 2022 Council commenced a process to review all delegations of authority to the CEO, to be undertaken in two tranches (Tranche 1 and Tranche 2)
- All Council to CEO delegations in Tranche 1 (*Local Government Act 1995, Dog Act 1976 and Cat Act 2011*) were reviewed by Council in June 2023.
- Tranche 2 delegations relevant to Development Services Directorate are presented for adoption by Council, for functions arising from the *Building Act 2011, Food Act 2008* and the *Public Health Act 2016*.

Tabled Items

Nil.

Decision Type

- ☒ **Legislative** The decision relates to general local government legislative functions such as adopting/changing local laws, town planning schemes, rates exemptions, City policies and delegations etc.
- ☐ **Executive** The decision relates to the direction setting and oversight role of Council.
- ☐ **Quasi-judicial** The decision directly affects a person's rights or interests and requires Councillors at the time of making the decision to adhere to the principles of natural justice.

Officer Interest Declaration

Nil.

Strategic Implications

The following aspiration of the City's Strategic Community Plan 2020-2030 is relevant:

Aspiration 4 - Leadership

- 4.1. *Develop organisational frameworks to achieve consistency, transparency and clarity of decision making processes.*

Legal Implications

Delegations of authority are made using enabling legislation, which in this case is the –

Building Act 2011

Public Health Act 2016

Food Act 2008

– to allow Officers to exercise functions and powers that would otherwise be required to be exercised by Council. Unlike Tranche 1 delegations, the delegations made under these statutes do not contain an annual review requirement.

Council Policy/Local Law Implications

New and revised delegations should not alter the ability of the City to use local laws or policies. Some policies may require an administrative amendment to reflect a change in the name of a delegation; however, the heads of power remain the same.

Budget/Financial Implications

BACKGROUND

At the OCM of 25 July 2022, Council commenced a process to review all of its delegations of authority to the CEO (CS36/7/22). Due to the substantial amount of work involved in the undertaking it was split into two tranches:

Tranche 1 consisted of all delegations that required an annual review. This encompassed those delegations for *Local Government Act 1995*, *Dog Act 1976* and *Cat Act 2011* powers and functions.

Tranche 2 consisted of all other delegations, specifically those made for *Public Health Act 2016*, *Building Act 2011*, *Bush Fires Act 1954* and *Food Act 2008* powers and functions.

Review of all Tranche 1 delegations is complete, with the results reported to Council for adoption on 12 June and 24 June 2023. Council performed a subsequent review of those delegations on 24 June 2024 to satisfy annual review requirements prescribed by the relevant legislation that provided the heads of power to delegate.

This left the remaining delegations in Tranche 2 for review. A wide-ranging assessment of the City's remaining existing delegations that had not been subject to a detailed review has now been conducted and benchmarked against other local governments in the Perth metropolitan area, as well as against templates provided by the Western Australian Local Government Association (WALGA). Legislative requirements were reviewed, and where necessary, internal legal review on particular powers and the delegable status of those powers.

DETAILS OF PROPOSAL

The Tranche 2 delegations detailed in this report require updating to stay abreast of changes to legislation, current industry practices and better transparency around the functions provided.

In addition, the system administrators of the cloud-based Attain system, which the City uses to manage its delegations (amongst other functions) have provided an updated and improved delegated authority template to better demonstrate functions and powers that have been delegated, in detail. This was in response to requests from the City for a better template to serve a more contemporary approach to making and managing instruments of delegated authority. It was viewed as an opportunity to make changes to the City's instruments of delegation and improve their utility.

Where more than one delegation is identified that has the same head of power, generally a single replacement is proposed combining them. The remaining delegations are proposed to be replaced like-for-like with a version using the updated format.

Draft delegations for the Health Services and Building Services are attached to this report numbering 9 in total, which are proposed to replace 10 existing. The attachments are organised as follows:

1. The proposed delegation is marked up with green and struck-out text showing the modifications to compare with what currently exists.
2. The proposed delegation without any mark up showing its final form (if Council adopts it).
3. The existing delegation(s), to be repealed, is appended last.

The order of each individual package of attachments corresponds to that listed below.

1. Building Services Delegation

3.1.1 Building Act 2011 – Powers and duties. Replaces “NEW TBC *Building Act 2011 – Powers and Duties*”. Essentially a carry over of the existing delegation into the new format and delegates the local government's permit authority functions.

2. Health Services Delegations (Food Act 2008)

7.1.1 Food Act 2008 - appoint Authorised Officers and Designated Officers. Replaces “DS 34.0 Appoint Authorised Officers and Designated Officers (*Food Act 2008*)” with additional clarity provided around the specific power to appoint officers of these prescribed classes.

7.1.2 Food Act 2008 - Prohibition Orders. The functions/powers of an enforcement agency pertaining to food businesses and issuing of prohibition orders (with associated functions) is not expressly covered by an existing delegation, rather it is encompassed as part of the overall enforcement agency functions delegated by “DS 36.0 Functions of enforcement agency”. Given the function/power in respect of prohibition orders is expressly provided by the *Food Act 2008*, it is recommended a dedicated delegation is made to encompass the relevant functions.

7.1.3 Food Act 2008 - food business registrations. Replaces “DS 35.0 Food List – Public Access” and likely part of the broad functions of DS 36.0 with an instrument that is specific to dealing with the functions around registration of food businesses, as well as the ability to make a list of food businesses available to the public.

7.1.4 Food Act 2008 - enforcement agency powers. This is a new instrument, however it is likely that it was encompassed by “DS 36.0 Functions of enforcement agency”. This delegation is specifically intended to deal with the ability to undertake proceedings for breaches of the *Food Act 2008*.

3. Health Services Delegations (*Public Health Act 2016*)

8.1.1 Public Health Act 2016 – enforcement agency functions. This proposes to replace –

- DS 30.0 Enforcement Agency Reports to the Chief Health Officer
- DS 32.0 Commence Proceedings (*Public Health Act 2016*) and
- DS 37.0 *Public Health Act 2016* and Health (*Miscellaneous Provisions Act 1911* – Power or duty of the local government (enforcement agency) under these Acts”.

The purpose of combining these delegations is to place all relevant enforcement agency functions and powers into one instrument.

DS 32.0 is proposed to be revoked without replacement. This is because the power conveyed by it (section 280 - commencing proceedings under the *Public Health Act 2016*) has been given directly to the CEO of a local government or an authorised person, thus making the delegation redundant. This change was created by an amendment to section 280 of the *Public Health Act 2016*, by way of the *Public Health Amendment (Immunisation Requirements for Enrolment) Act 2019*.

DS 37.0 is carried over, in part. References to the *Health (Miscellaneous Provisions) Act 1911* are no longer considered to be required because the *Public Health Act 2016*, by way of the transitional provisions and section 309, provides that “...A reference in a written law or document to the *Health Act 1911* or the *Health (Miscellaneous Provisions) Act 1911* may, if the context permits, be taken to be a reference to this Act.” (i.e. the *Public Health Act 2016*).

Additionally, Council has previously appointed employees of the City to ‘deputise’ specific residual functions of the *Health (Miscellaneous Provisions) Act 1911* on 24 July 2023 (D19/7/23). The deputisation power of section 26 of this legislation is the only remaining mechanism to nominate persons to perform the powers and duties of the local government and is not a function or power that can be delegated.

In a similar fashion, DS 37.0 refers to delegating an unnamed function of the Health Local Law. The powers of this local law are provided to Authorised Officers appointed by the CEO, hence a delegation is not required.

8.1.2 Public Health Act 2016 – appointment of Environmental Health Officers. Replaces “DS 33.0 Appointment of Environmental Health Officers” with additional

clarity provided around the specific power to appoint Environmental Health Officers arising from this legislation.

8.1.3 Health (Asbestos) Regulations 1992 – appointments. A like-for-like replacement of “DS 29.0 Appointment of Authorised or Approved Officer (*Asbestos Regs*).”

8.1.4 Public Health Act 2016 – Designation of authorised officers. Replaces “DS 28.0 Designate Authorised Officers (*Public Health Act 2016*)” with additional clarity provided to better reflect the legislation around this function.

COMMENT

With the passage of time, changes to relevant legislation and some of the City’s policies, it is important that these delegations are reviewed for suitability and updated.

Council will note the proposed new and replacement delegations have new designator numbers as well. This is consistent with the previous delegations of authority that were presented to Council in the Tranche 1 phase of the review of delegations.

Once all delegations have been adopted, they will all form part of a revised Register of Delegations that will be structured like a piece of legislation, with the delegated powers being separated by their respective heads of power. All will be numbered sequentially with sub-delegations similarly separated by head of power.

OPTIONS

Council has the following options:

1. Adopt the draft delegations attached and revoke the existing delegations as recommended.
2. Not adopt the delegations and request additional information or explanation.

CONCLUSION

The assessment and revision of the attached delegations and the overarching process involved represents a significant body of work to improve the City’s delegation structure and bring about a contemporary change to how the City makes and exercises its functions and powers.

For all practical purposes, little will change for Officers in the course of their day-to-day duties and the powers delegated are the same as those used currently. What these changes will do is improve transparency around how Council delegates, and what specific legislative functions are delegated, whilst creating a clear and unambiguous link between the legislation through to the proper exercise of a power.
