COURSE INFORMATION

CPC40120

CERTIFICATE IV IN BUILDING AND CONSTRUCTION (BUILDING)

If you are an aspiring or working tradesperson, here is your foundation for success. This is your first step towards starting your own domestic building or advancing your career in Building and Construction.

IS THIS COURSE FOR YOU?
CPC40120

CERTIFICATE IV
IN BUILDING AND CONSTRUCTION (BUILDING)

CPC40120 Certificate IV in Building and Construction (Building) covers all the details on how to plan, prepare and manage residential construction sites from start to finish. Examine the principles, techniques and regulations of the Australian building and construction industry.

Enrolment checklist

- ○ You are over 18 years old or over
- ○ You are competent in written and spoken English (language, literacy and numeracy will be assessed as part of the enrolment process)
- ○ You are able to attend the scheduled classroom training sessions as per the timetable
- ○ You will have access to a computer and the internet for the duration of the course
- ○ You may or may not have previous experience building and construction industry
- ○ The practical demonstrations of skills on a building and construction site will be required for some units of competency, near the completion of the course. BAA will reasonably assist those students without access to a building and construction site (where required).
- ○ You have access to certain tools (Please refer to our website)

How long will it take?
BAA offer two streams for this program, depending on your level of experience in the industry.

Standard Stream: Part-time, two nights per week of facilitator-led classes for 46 weeks
*Total duration is typically between 46 to 62 weeks when taking into account unavoidable class breaks, public holidays and Christmas Shutdown period as applicable including an additional 8 weeks assessment time if required at the end of the program.

Experienced Stream: Part-time, two nights per week of facilitator-led classes for 40 weeks
*Total duration is typically between 40 and 46 weeks when taking into account unavoidable class breaks, public holidays and Christmas Shutdown period as applicable including an additional 8 weeks assessment time if required at the end of the program.

Student may require up to 8 hours per week outside of class times to complete additional learning and assessment activities, yet this will vary based on each learner.

We know that location is important, so we have classes that are close to home and work as well as virtual classroom online options. Give us a call and we can discuss the best option for you.

Is the course subsidised?
This training is delivered with Victorian and Commonwealth Government funding for eligible students. If you aren't eligible, you can still enrol in the course as a full fee paying student. We have a number of payment options available. For our full fee list please visit our website. Give us a call to discuss the best option for you.

Future pathways
This Certificate can assist you in pursuing a career in a supervisory role such as Construction Supervisor, Co-ordinator or Manager. After completing your Certificate you may decide to further your training with CPC50210 Diploma of Building and Construction (Building).
