

## Staff Voice Survey – Teaching and Learning in science

Date:

Name:

Class/Year:

Questions	Staff responses
What is science / a scientist?	
Why do we teach science in school?	
How often is science taught in your class?  Do you teach science at other times?	
How confident (out of 10) do you feel at teaching science?	
What are your strengths when teaching science?	
What are your areas for development when teaching science?  What CPD would you like to help address this area?	
How could science be improved at school?  Is there anything you would you like to do more or less of?
