Content Calendar 2024

STEM Community is offering opportunities for organisations to contribute content to be read by thousands of educator members!

Here are some of the major, thought-provoking subjects which will be featuring in discussions threads and blogs in 2024.

Our content plan follows the rhythms of the school year, covering key awareness events which teachers will use to engage young people in STEM.

JANUARY

- Focus on wellbeing – blog series
- How AI is shaping education
- GCSE & post-16 options
