(1) Samples of seeds that are unclean, field run or containing high inert matter shall be charged an additional \$10.00 per sample.

(2) Fees for tests on seed kinds not listed shall be based on the cost of a kind with a similar test.

(3) Includes Louisiana Noxious Weed Seed Examination

(4) For germination tests of mixtures of two or more kinds of seed, the fee is the sum of the fees established for germination tests for the components of the mixture. For a purity analysis performed in conjunction with a germination analysis of seed mixtures, the fee is the same as for that component of the mixture for which the highest charge would be made if separately analyzed. For purity analysis not performed in conjunction with a germination analysis the fee is the sum of the fees established for the purity tests for the components of the mixture if separately analyzed.

## LABORATORY FEE SCHEDULE (CONT'D)

2. All State Noxious Weed Seed Examination.....\$20.00  
Species appearing on the USDA State Noxious-Weed Seed Requirements Recognized in the Administration of the FSA, reported as number found and rate per unit weight.
3. Seed Count.....\$10.00  
Used to determine the number of seeds per pound for the seed lot being tested.
4. Seed Vigor Test .....\$20.00  
Including, but not limited to, Accelerated Aging and Cool Germination Tests.
5. Varietal Purity .....\$20.00  
Including, but not limited to, Seed and Seedling Morphology and Fluorescence Tests.
6. Red Rice Examination  
4 Lb.....\$10.00  
8 Lb.....\$20.00  
Examination of rice sample for the presence of Red Rice.
7. Herbicide Bioassay .....\$25.00
8. Service sample taken by LDAF inspector .....\$15.00  
Sample taken in accordance with the AOSA or FSA seed sampling procedures.
9. Priority Rush Sample.....\$25.00  
A “priority rush” may be requested by the person submitting a sample for testing. Priority rush samples will be processed immediately upon receipt of sample; however, availability of sample results will depend upon the seed kind and the type of tests requested.
10. Hourly Fee .....\$50.00  
Applies to especially contaminated or extraordinary samples; also used for custom work such as sample preparation and special bulk samples. Total final cost to be negotiated and agreed upon by both parties prior to work being performed.
