

VOLUNTEER FIRE ASSISTANCE GRANT

2023 GUIDELINES

“Assistance to Increase Rural Fire Department’s Firefighting Capacity”

Sponsored by the U.S. Forest Service and the
Louisiana Department of Agriculture and Forestry, Office of Forestry

1. This is a 50/50 matching fund program. Federal funds will pay up to 50% of approved program expenditures with the local fire department paying at least 50% or more. Cost-share assistance WILL NOT exceed the awarded funds obligated for a qualified department.
2. A restriction will be placed upon the amount of funding which may be provided to departments regardless of funding requested due to the limited federal funding for this program.
3. Local matching funds must be available at the time the application is submitted and these funds must match the federal funds dollar for dollar.

MANDATORY REQUIREMENTS FOR ELIGIBILITY (Guidelines 4 – 9)

4. Only departments officially recognized and authorized by RESOLUTION or ORDINANCE of the legally constituted governing body of the area served will be considered for grant funding.
5. To qualify for grant funding consideration, a department MUST have a Fire Department Identification Number (FDID), registered through the Louisiana State Fire Marshal’s Office.
6. Applying departments MUST be enrolled in and reporting any structural and/or wildland fires through the Louisiana Fire Incident Reporting System (LFIRS) or the National Fire Incident Reporting System (NFIRS).
7. Only departments serving communities with 10,000 or less population counts (current census) may be considered for funding. However, “multi-community” departments may be approved even though the 10,000 population limit is exceeded within the area served, provided no single community served exceed the 10,000 population count. A department or fire district is considered to be “multi-community” if within the official area served there exist two or more recognized communities, each of which must contribute financial support towards and combine resources for the operation of a single department serving all the communities involved.
8. Department personnel compliment must be at a minimum of 80% volunteer versus 20% paid employees to be eligible for participation in this grant.
9. Departments must have Wildland Personal Protective Equipment (PPE) readily available for usage or at minimum be purchasing in the current grant application: 4 sets of wildland PPEs (NFPA 1977 compliant pants and shirts OR coveralls.) Wildland boots, gloves and hardhats are recommended but structural PPE’s of this type may be utilized.

GENERAL POINTS OF INTEREST

10. Purchase(s) can be made following receipt of the award letter. Purchase(s) made prior to the date listed on the 2023 V.F.A. award letter WILL NOT be eligible for cost-share assistance.
11. Examples of equipment/apparatus which may be purchased with grant funds are as follows: Wildland Firefighter clothing NFPA 1977 compliant, hoses, nozzles, hand tools, radios, generators, foam application equipment, slip-on pumping units, materials and labor required to outfit and equip excess military vehicles. Only fire suppression equipment or Personal Protective Equipment (PPE’s) may be purchased.
12. Any single item, with a total cost of \$5,000 or more WILL NOT be approved for grant funding consideration.
