# UTILITY ARBORIST

The Louisiana Horticulture Law states that no person shall receive fees, advertise, or solicit business in a regulated profession or occupation unless he holds the appropriate license or permit, or has a regular employee who holds the appropriate license or permit, or is employed by a person who holds the appropriate license or permit. For specifics on what each license or permit authorizes, see Section 3808 of the Horticulture Commission Law. All licensees are required to place at least one of their license numbers on all business-related vehicles that have advertisements on them (Section 115D of regulations).

Utility Arborist License: Authorizes the holder to recommend and execute the removal of trees or portions of trees along utility rights of way.

This list will be updated periodically. If you have any questions, please call (225) 952-8100.
