

NURSERY CERTIFICATE PERMIT

The Louisiana Horticulture Law states that no person shall receive fees, advertise, or solicit business in a regulated profession or occupation unless he holds the appropriate license or permit, or has a regular employee who holds the appropriate license or permit, or is employed by a person who holds the appropriate license or permit. For specifics on what each license or permit authorizes, see Section 3808 of the Horticulture Commission Law. All licensees are required to place at least one of their license numbers on all business related vehicles that have advertisements on them (Section 115 E of regulations).

Nursery Certificate Permit (Growers Permit)

Authorizes a grower to sell nursery stock, cut flowers, and bulbs which he/she grows. Permit is issued after inspection is made. Nursery is inspected for any major insects or diseases. No exam is required. Fees are as follows:

- NC1 - Area greater than 2,500 sq. feet and/or Greenhouse greater than 200 sq. ft. - \$50 per year. For permits effective beginning Jan. 1, 2004 fee is \$100 per year.
- NC2 - Home Yard (less than 2,500 sq. ft.) and/or Greenhouse less than 200 sq. ft. - \$10 per year. For permits effective beginning Jan. 1, 2004 fee is \$25.00 per year.

If a person wants to both grow and buy nursery stock to sell from only one location, they would need either a grower's permit or a nursery stock dealer permit, not both. If they will be growing the majority of their stock, then they can operate under just a nursery grower's permit. However, if they plan on growing and selling nursery stock at one location, and also selling at additional locations, they would need both the grower's permit and a nursery stock dealer permit for each additional location.
