Commissioner

Citizens of Louisiana:

Louisiana's livestock industry, valued at nearly \$3 billion, contributes significantly to the state's economy. Livestock producers face many challenges, like high input costs, unfavorable weather, an uncertain economy and an ever-changing regulatory environment. I understand these challenges and face them with you.

As a practicing veterinarian, former state legislator and your commissioner of agriculture and forestry, I believe our future is bright. Opportunities are great, but we must lead the charge. If we take advantage of the latest advances in science and technology along with our abundant natural resources, infrastructure and proximity to major trade routes, Louisiana can grow agriculture and forestry into the future.

The Louisiana Department of Agriculture and Forestry (LDAF) Livestock Brand Commission inspectors investigate all aspects of farm-related crimes in the state, including livestock thefts (cattle, equine, hogs, emus, ostriches, turtles, sheep, and exotics), farm machinery and equipment. The Commission plays a large role in protecting producer's property. The brands listed in this book assist inspectors in identifying and tracking the movement of livestock in Louisiana.

LDAF brand inspectors are also present at every livestock sale in the state and record each animal, brand and owner. Inspectors often identify stolen cattle by the livestock owner's unique brand. Permanent identification, such as a brand, is a livestock owner's first line of defense against thieves. If you fall victim to livestock theft, your valuable property can be easily identified and recovered.

Remember, a brand is a cow's only return address.

Sincerely,

A handwritten signature in black ink that reads "Mike Strain". The signature is written in a cursive, flowing style.

Commissioner

Fifteenth Edition – 2020

This is the fifteenth Livestock Brand Book published by the Department of Agriculture and Forestry. The recording of livestock brands on a statewide basis became effective under Act 105 of the Legislature of 1944 and continues under this and subsequent Acts.

Act 352 of 1946 repealed all parish brand registrations.

The Brand Law does not provide for compulsory branding of Livestock; however, it is a misdemeanor under the Law for anyone to brand livestock by burning into the hide of a living animal without first having the brand recorded in the office of the Livestock Brand Commission in Baton Rouge, Louisiana.

This book contains 4720 livestock brands.

The commission shall maintain a list of all recorded brands and marks, which shall be supplemented annually. The list shall contain a facsimile of each recorded brand or mark and the owner's name and mailing address. The list shall be maintained in convenient form for reference. The commission shall notify the clerk of court and the sheriff of each parish of the list as supplemented. The list may be sold to the general public.

Please remember that unless a brand is properly recorded that the use of any brand that is put on with a hot iron, chemicals or acids is a misdemeanor that is punishable by a fine of not less than \$25 and not more than \$500.
