OCCUPATIONAL HEALTH
PRICE LIST 2026

17.12.2025

PIHLAJALINNA OCCUPATIONAL HEALTH PRICE LIST 2026

Preventive occupational health services to promote work capacity

Our customer-oriented and needs-based approach to occupational healthcare promotes health and work ability cost-effectively. Our task is to build the working life of the future

with more effective occupational health services. The core of our service is a preventive occupational healthcare package that corresponds to your needs that you can complement with the occupational health-oriented medical services of your choosing. Our occupational health services meet the employer obligations required by the law.

All our services are designed to be cost-effective and are delivered by a dedicated, multidisciplinary occupational health team for your organisation. The services can be provided flexibly as remote services, where applicable.

Our services for work communities

Our services for work communities include workplace surveys, putting together a joint action plan and assessing effectiveness, work capacity management support for your organisation, management support, occupational health meetings, advice and guidance as well as various lectures, coaching sessions and workplace events.

FOREVER FITNESS CENTRE SERVICES**

Fitness contract

Employees gain access to all 19 Forever fitness centers across Finland through the My Forever app. The corporate membership includes gym facilities as well as center-specific group exercise and body care services.

Forever Töölö, Herttoniemi, Varisto, and Lahti additionally offer the opportunity to use the AI-powered Biocircuit equipment, which makes training easy, enjoyable, and efficient.

Pricing for the fitness agreement is based on the number of members (minimum of 3 people), and the contract is valid until further notice with a two-month termination period.

Billing is based on active memberships	€25.00/person/month
--	---------------------

Prices VAT 0 %

Fitness benefit

Forever Pihlajalinna's exercise contract for the fitness benefit is widely used by companies, organisations and communities. It entitles you to a €4 discount on the Basic gym membership and an €8 discount on the Premium membership. No expenses to the employer.

Wellbeing day

Forever's occupational wellbeing day introduces the positive impacts of exercise from many perspectives. We offer knowledge, activities and pleasant interactions all in one. You can choose between a half or full occupational wellbeing day. Ask for a quote!

Sports day

Sports day for companies, which can include various racket sports in one of our locations. We have racket sports centres in Vantaa's Hiekkahejrju, Espoo's Matinkylä, Turku and Lappeenranta. The sports day can also be combined with other exercise, services and lectures. Ask for a quote!

Coaching services

Forever Pihlajalinna offers personalised and high-quality coaching services to individuals and small groups. Coaching services are suitable for both beginners and seasoned trainers. Ask for a quote!

Contact details: yritysmyynti@foreverclub.fi

TERMS AND CONDITIONS AND CHARGING CRITERIA

Occupational health professionals and specialists are generally charged on a time basis. The total duration depends on the time the expert spends reviewing the patient's medical history and recording information in the patient information system or organisational reports. As a rule, the minimum charge for preventive occupational health work aimed at a work community/organisation is 30 minutes and for individual work 15 minutes.

The service provider has the right to charge an initiation fee of €400** for a new contract if, for reasons attributable to the customer company, it has not been possible to initiate operations according to good occupational healthcare practices (based on a workplace survey and action plan) within three months of signing the contract. The payment will cover the expenses of establishing the service.

Service reactivation fee

Reactivation fee of an occupational health agreement in cases in which the agreement was terminated by Pihlajalinna due to the customer's unpaid bills after the customer was sent email notices about the matter. We will charge €400.00 to reopen an occupational health agreement.

Appointments cancelled contrary to the terms/no-show appointments

Scheduled appointments shall be cancelled 24 hours before the start of the appointment. If the person who booked the appointment does not show up to the appointment and has not cancelled it at least 24 hours beforehand, the customer organisation will be charged for the reserved time according to the price list. An invoicing fee will be added. Any appointments agreed with the organisation must be cancelled at least five (5) working days before the appointment. The basis of charging for an unused appointments or appointments cancelled contrary to the terms is the booked time.

Processing fee

The processing fee €14.90 is charged together with the invoice for a no-show appointment or an appointment cancelled contrary to the cancellation policy. The processing fee consists of the cost of background work and services related to the booking service and processing of cancellations, such as the maintenance of digital services. In addition, the processing fee covers the invoicing costs.

VAT policy

VAT is not payable on sales of occupational health services that are considered health and medical services under the Value Added Tax Act. Where taxable services or products are sold alongside health services, VAT is added to the prices. If the sale is later deemed taxable, the seller is entitled to charge the buyer VAT at the applicable rate.

In this price list, the prices of services marked with ** are generally subject to VAT.

Pricing of occupational health specialist services

When a service is provided by an occupational health specialist, 5% is added to the price.

These have been marked with an *.

Group training

We invoice group training in advance. If a participant cancels their participation fewer than 10 days before the start of the training, we charge 50% of the price of the training session if no satisfactory illness-related reason is provided. If the participant is unable to attend a training session, no alternative training will be organised; instead, the coach provides the content of the session to the person for independent learning.

Coordination work for occupational health**

Coordination of occupational healthcare for a national or multi-site (more than one occupational health contract statuses) customer organisation. Coordination work is described in the action plan.

by preventive specialist work / professional group

Evening and weekend extras

Saturdays from 7am–6pm	30% increase
Saturdays 6pm to Monday 7am	100% increase
Evening and night shifts from 9pm	100 % increase
Public holidays (week days and weekends)	100 % increase
Please note: does not apply to Doctor Chat.	100 % increase

Travel costs

Charged based on time spent and means of transport. Travel time is charged at the first half hour according to the hourly rates specific to the occupational group.

General fee (reimbursed by Kela)

€41.50/employee/year

The general and service fees include: Maintaining register data in the data system, nationwide customer service and maintaining online booking systems, registration and advisory staff services, archiving health data in the data system and archiving written medical data and invoicing functions.

Service fees (not reimbursed by Kela)

The occupational health service fee is charged annually based on the number of employees in the company. The service fee includes invoicing services (excluding subcontracting invoicing surcharge and paper invoices as well as invoices for appointments cancelled contrary to terms and uncancelled appointments), archiving services, the opportunity of employees to view their own data via the Health application, Occupational Health Portal reporting, maintenance of personnel data and other content. The management of the occupational health portal is charged separately.

Employees 1–3	€97.80/employee/year
Employees 4–10	€66.60/employee/year
Employees 11–50	€35.40/employee/year
More than 50 employees	€24.00/employee/year

Entrepreneur's occupational health

€229.00 /entrepreneur/ year

The annual fee includes the general fee, annual wellness survey and an annual update to the action plan (KL1). Other services are charged according to use.

Entrepreneur's occupational health is for those with a self-employed persons' pension insurance YEL. There is a separate product and price list for those with a pension insurance for agricultural entrepreneurs MYEL.

Additional services of the occupational health portal**

Data transfer connection

The purpose of the data transfer connection service is to transfer the basic staff data and any self-reported absences of employees from the customer's data systems to Pihlajalinna's data systems automatically. Ask for a quotation.

Work ability support app

Pihlajalinna's work ability support application is an addition to the Occupational Health Portal, which is intended as a tool for managers to manage work ability. The work ability support application facilitates impactful cooperation to support work ability management.
