

Westlink Resolutions 2023
(2023 Theme is Love in Action)

The path of love is not just talk but requires action. (I John 3:18) This happens in a community when each person is committed to love and is willing to keep growing in active engagement of loving God and loving others.

For individuals in a Christ-centered community there are three areas of active engagement with God's love: Personal, Communal, and Global. We work on this together to help each other grow in active love (Ephesians 4:15-16).

Therefore, Westlink Resolutions 2023 are about looking into the new year with specific goals of deliberate actions of love overflowing in my life, in Westlink, and the world.

I resolve in 2023 to begin or improve my personal engagement with God's love by deliberately

I resolve in 2023 to begin or improve showing God's love in the Westlink community by deliberately

I resolve in 2023 to begin or improve showing God's love globally by deliberately

Suggestions for Engaging with the Love of God...

Personal (God's love in me) – Giving myself to the ever-present Holy Spirit of God through intentional trust he is with me, time alone with God, prayer, meditation, fasting, singing, listening, reading, stillness, bowing down in humble worship, thanksgiving, praise, confession, submitting to his path, etc.

Communal (God's love in others directly connected to me) – Giving others acceptance, fellowship (authentic sharing), service, aid, support, respect, encouragement, honor, kindness, patience, beauty, good, testimony, forgiveness, unity, cooperation, following the golden rule, setting aside judging, confession, assembling with the community more than last year, etc.

Global (God's love in all people I encounter) – Recognizing the truth of every person as a child of God, seeing Jesus in the faces of others, extending the communal activities (above) to all first by my attitude and then physically as opportunities come.
