

Meet Kristina Tubbs

Kristina Tubbs is an Assurance Partner at Ernst & Young LLP focusing on financial services clients out of the firm's Waterloo office. A graduate of the University of Waterloo, Kristina set down roots in Waterloo Region where she has lived for over 20 years. Kristina's love of animals drew her to the organization, and she wanted to couple this personal interest with her professional skills and qualifications. Kristina previously served 8 years on the KW Humane Society board and is thrilled to be back.

In her spare time, Kristina enjoys being with family, which includes two active boys and two purrfect senior felines.

Quote:

"I first joined the board because of my love for animals. I wanted to volunteer and work with them directly, but knew that meant I'd be bringing them all home and that wasn't a great idea for our existing fur babies! Serving on the board has been a great alternative to lend my accounting skills and expertise while helping the animals indirectly. I have really enjoyed seeing all the transformation throughout my involvement with the organization, both past and present, and look forward to contributing to its future."
