

PYLON SECTIONAL

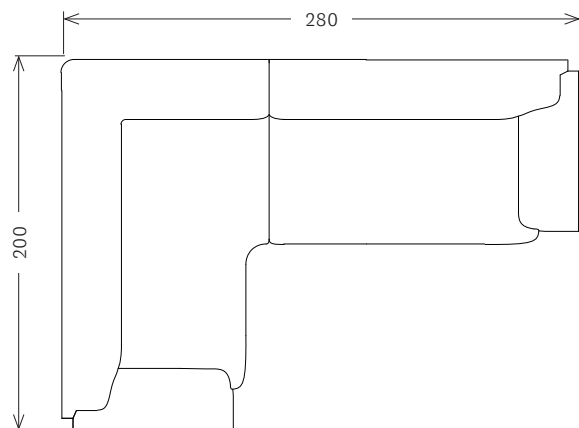

A copious composition of interlocking blocks, the Pylon Sectional's two principal modules are available in a variety of lengths, so it can be configured to suit any space. Our interpretation of the classic square-arm profile, its striking sense of presence is reminiscent of megalithic engineering. And, the fully hand-sprung seat and sprung back combine natural, toxin-free upholstery fillings with Pylon's subtly tapered shape, for a comfort that encompasses and supports.

- Handmade in London
- All pieces made to order in 10-12 weeks
