

PYLON SOFA

Our reinterpretation of the timeless square-arm profile, the Pylon Sofa subtly tapers from the ground up, with a fully hand-sprung seat and sprung back ensuring its rock-solid imprint gently surrounds and supports. Inspired in shape by ancient Egyptian architecture, it's playful at heart, with an interlocking block design reminiscent of early years engineering. Substantial in both presence and comfort, it confidently combines natural upholstery fillings with a grounded, lineal structure for a delightfully distinct seat.
