

MANTLE BENCH

The Mantle Bench is a versatile seat and surface, handcrafted using sustainable British deerskin and natural upholstery fillings. Precisely cut panels of soft yet durable suede convene along parallel lines of tone-on-tone stitching to create an exacting cover that drapes neatly over its solid beech frame. The seams conclude in knife-cut raw edges to reveal a glimpse of the masterfully hand-turned legs beneath – and add fluidity to each face, celebrating the innate nuances of the naturally tanned hides.
