

ROLL TOP CHAIR

A curvaceous croissant of indulgence, the Roll Top Chair champions the softly supportive shape of a crafted crescent. Clean lines of the outer tub provide a contrast to the tactile flowing form of the fully sprung back and full seat, which are designed to offer an inviting embrace that cocoons the body. A fusion of tradition and modern handmaking techniques, it has been created with care using responsibly sourced all-natural upholstery fillings to safeguard a future of sustainable use. This is solo snuggling at its best.
