

Notice to Applicants

Beginning Saturday, December 7, applicants applying for a Nonimmigrant Visa through the Interview Waiver process in mainland China must schedule an appointment to submit their applications and can only submit their Interview Waiver application materials on that scheduled date at a [CITIC bank location](#).

CITIC will not accept any Interview Waiver application materials before or after the scheduled submission date. Applicants who fail to submit their application materials on their scheduled submission date should contact [customer service](#) for assistance with rescheduling their submission date.

Please note:

- You must submit your Interview Waiver application materials at a CITIC branch, not at the U.S. Embassy / Consulate.
- You can submit your Interview Waiver application materials **at any time** the CITIC branch location is open on your scheduled day.
- If you submitted your passport as part of the Interview Waiver process and have been informed that an interview is required, you will need to schedule a regular appointment and choose the visa type corresponding to the visa you are applying for. Do not select Interview Waiver again.
