

# Get \$1,500 to cover your out-of-pocket costs with the O-Card Plan

With the \$1,500 O-Card plan, you'll get a pre-loaded debit card\* that gives you \$1,500 in extra funds to cover medical, dental, vision, or hearing copays, as well as additional expenses\*\* that can add-up throughout the year.

Use your O-Card for things like copays for an ER visit, top-of-the-line designer glasses, or any Medicare-covered medical services, as well as supplemental dental, vision, and hearing services. Funds can even be applied to out-of-network medical visits! The O-Card radically changes the total amount you'll pay all year for care.

## How it works

---

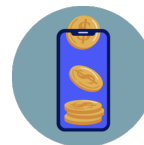

### ACTIVATE

Get your card in the mail, pre-loaded with funds and activate your card like a credit or debit card.

### USE IT

Use your card at the doctor's office like a regular credit or debit card for any out-of-pocket expenses, like a copay for an ER visit or new eyeglass frames. Or, use the O-Card to cover out-of-network medical expenses, like an unexpected medical issue while traveling in the U.S.

### CHECK BALANCE

Check your card balance any time online; funds are set annually.

\*Some providers may not accept specific credit or debit card payment methods. Oscar is an HMO with a Medicare contract. Enrollment in Oscar depends on contract renewal.

\*\*O-Card allowance does not include prescription drug coverage.
