oscar

Hi, we're Oscar!

Here are some things you might want to know about us:

“We started Oscar in 2012 to create the kind of health insurance company we would want for ourselves – one that behaves like a doctor in the family.”

- Mario Schlosser, CEO & Co-Founder

What we're doing

We're making a healthier life accessible and affordable for all. We stand by your side no matter the question or the issue, so getting care is easy and you don't have to jump through hoops. It's health insurance that actually works for you.

We've built an experience that works for people just like you. Here's how:

A team that has your back

You'll have the support of a Care Team – a team of care guides and a nurse – whose only job is to help you make the most of your plan. They do things like find doctors, coordinate your appointments, make sense of bills, and more.

Talk to a doctor 24/7 for \$0

Call or message a doctor in as little as 30 minutes with Virtual Urgent Care*. Get a diagnosis, a new prescription, or a refill without having to take a trip to the doctor's office.

*Oscar's Virtual Urgent Care offerings are not available in US territories or internationally. If you have an HSA-compatible high-deductible health plan or a Secure plan, you won't be eligible for \$0 visits. Prescriptions, visits and services may be limited per provider discretion.

Let's talk health insurance basics

Health insurance lingo can be confusing. So before we take a look at your plan options, let's go over some things that are helpful to understand!

HERE ARE SOME KEY TERMS TO KNOW

Premium

The fixed monthly fee you'll pay for your health insurance plan.

Copay

A fixed dollar amount you're responsible for paying for a covered service.

Co-insurance

How much you owe for a covered healthcare service or prescription.

Deductible

The amount you'll spend on certain covered services before your plan starts paying for your care.

Out-of-pocket

Any money you'll pay towards covered healthcare expenses – like copays and coinsurance.

Maximum out-of-pocket

The maximum amount you'll pay for healthcare during the year. It's sometimes called MOOP. After you meet this amount, your plan will pay for all of your covered medical expenses.

Here's how your plan works

Oscar offers EPO plans with a range of premiums, deductibles, cost shares, and plan types – so you have options.

EPO (Exclusive Provider Organization)

EPOs cover care from a network of providers that work for Oscar or contract with us. If you get care with doctors outside the network, it's usually not covered – except in certain situations (like emergencies or if there are no in-network options available). The best part is no referrals are required to see a specialist.

That's it! We're also here to help you make the most of your plan – just visit hioscar.com with any questions.

Here's how your plan works

With an EPO, your health insurance kicks in when you see an in-network doctor. If you get care with a doctor outside the network, the visit isn't usually covered. The only exceptions include emergencies or if there are no in-network options.

The good news is, you won't need a referral from your primary care doctor to see a specialist. That means one less copay, and one less trip to the doctor's office.

HOW DO EPO S WORK?

Let's say you want to see a dermatologist about a mole on your arm.

You can make an appointment to see an in-network dermatologist directly. And since no referral is needed, you can get that mole checked out ASAP.

HMO VS. EPO VS. PPO: PROS AND CONS

HMO

Limited access to network
No out-of-network benefits
Referral required

EPO

Full access to network
No referral required
Cost-effective premiums
No out-of-network benefits

PPO

Full access to network
Out-of-network benefits
No referral required
Higher premiums

Here's how your plan works

WHAT WE HAVE TO OFFER

Bronze plan

**Low premium,
high deductible**

60% of covered health costs paid by Oscar, 40% paid by you.

Silver plan

**Moderate premium,
moderate deductible**

70% of covered health costs paid by Oscar, 30% paid by you.

Gold plan

**Higher premium,
lower deductible**

80% of covered health costs paid Oscar, 20% paid by you.

Platinum plan

**Highest premium,
lowest deductible**

90% of covered health costs paid by Oscar, 10% paid by you.

So what's a Health Savings Account (HSA) plan?

An HSA is a savings account you can set up to pay for healthcare expenses with pre-tax contributions (that's money that hasn't been taxed). HSAs can be used for specific plans that typically have high annual deductibles and lower monthly premiums. These plans can help you save on premium contributions for your health coverage.

Because an HSA works alongside an insurance plan, you need to purchase an HSA-eligible plan to use one. One thing to know: if you take money out for non-qualified medical expenses before you turn 65, you'll need to pay a tax penalty.

Note: Percentages are approximate; deductibles, co-payments, and coinsurance vary by plan and metal tier.
