We have introduced a new plan, designed to increase accessibility and affordability for individuals with diabetes.

The following services are covered with a $0 cost share: Primary Care office visits, diabetic retinal eye exams, diabetic foot exams, and labs to manage diabetes (HbA1c, micro-albumin/UA, metabolic panel, lipid panel). This plan also caps out of pocket costs for formulary insulin at $100/month.

These members will have access to a diabetes management program with our partner, Livongo. Plus, members are eligible for Wellness Programs with rewards for seeing their primary care doctor, engaging with Livongo, and getting recommended care.
