

# Prescription Drug List

## 2024 Express Scripts High Performance Formulary for Cigna + Oscar

---

All Cigna + Oscar plans include the Express Scripts Network, so you can fill your prescriptions at retail pharmacies, national pharmacy chains, and independent pharmacies.

Visit [cignaoscar.com/search](https://cignaoscar.com/search) to see if your pharmacy is in-network. Check the cost of any medications before and after your deductible by logging into your member account at [cignaoscar.com/member](https://cignaoscar.com/member).

For the most updated list of the drugs on our formulary visit [hioscar.com/drug-formularies](https://hioscar.com/drug-formularies).

**Any questions?** Message with your Care Team or call **(855) 672-2789**.

For Connecticut: Cigna + Oscar Open Access Plus

Last updated: 5/1/2024. This drug list is subject to change and all prior versions are no longer in effect.

Next anticipated update: 6/1/2024.

Learn more about our plans at [cignaoscar.com](https://cignaoscar.com)

Cigna + Oscar coverage is insured by Cigna Health and Life Insurance Company. Benefits administered by Oscar Management Corporation. Pharmacy benefits provided by Express Scripts, Inc. Cigna+Oscar health insurance contains exclusions and limitations. For complete details on product availability and coverage, please refer to your plan documents or contact a representative.

Index.....	127

## List of Drug Tiers

- 1:** Consists of preferred generic drugs which have the same active ingredients, safety, dosage, quality and strength, as their brand name counterparts.
- 2:** Consists of NON-preferred generic drugs which have the same active ingredients, safety, dosage, quality and strength, as their brand name counterparts.
- 3:** Consists of preferred brand-name drugs (with no generic equivalent).
- 4:** Consists of non-preferred brand name drugs and other drugs that usually have generic versions and/or one or more preferred brand alternative on a lower tier, as well as non-formulary, non-specialty drugs approved for pre-authorization through a Medically Necessary review
- 5:** Consists of specialty drugs that are biologics, FDA requires distribution through a specialty pharmacy, require special training or clinical monitoring, or drugs that cost more than six hundred dollars (\$600) for a one-month supply, as well as non-formulary, specialty drugs approved for pre-authorization through a Medically Necessary review.

## List of Abbreviations

**ACA:** Affordable Care Act. No cost-share preventive medications: Health care reform under the Affordable Care Act (ACA) requires that most plans cover certain categories of medications and other products as preventive care services. These medications may be available to you at no cost-share (copay, coinsurance and/or deductible) and includes contraceptives and certain over the counter items. A prescription is required for over-the-counter preventive medications to be covered at no cost-share.

**CSL:** Oral cancer medications subject to cost-share limits: State law in Connecticut limits the cost-share (or amount you'll pay) for certain oral chemotherapy medications.

**DRS:** Diabetes-related supplies. State law in Connecticut limits the cost-share (or amount you'll pay) for covered prescription diabetes-related supplies such as pumps, blood sugar meters, and syringes to \$100 per 30 day supply.

**INS:** Insulin and other diabetes medications. State law in Connecticut limits the cost-share (or amount you'll pay) for covered prescription insulins and certain diabetes medications to \$25 per 30 day supply.

**OTC:** Over the Counter. An OTC drug is a non-prescription drug.

**PA:** Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

**QL:** Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

**ST:** Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

## Process for Obtaining Non-Covered Medications

If your doctor feels that your medication is necessary for your treatment and an alternative isn't right for you, he or she can ask Express Scripts to consider approving coverage of your medication. Ask your doctor's office to contact Express Scripts so we can start the coverage review process. They know how the review process works and will take care of everything for you. In case the doctor asks, they can request authorization directly from Express Script's website at [www.express-scripts.com/corporate/healthcare-providers](http://www.express-scripts.com/corporate/healthcare-providers)

Express Scripts will review information your doctor provides to make sure you meet coverage guidelines for the medication. If you do, you'll be approved for coverage of your medication. If you don't meet guidelines, you and your doctor can appeal the decision. We'll send you information either way. It's important to know that when medications are approved, it's typically for one year of coverage. If your medication is approved for less time, it's because there's a clinical reason based on Express Script's coverage guidelines for the medication and/or the reviewing doctor

## Process for Filling Prescriptions by Mail

As long as your plan offers home delivery, you can fill your prescription by mail. If you're taking a medication every day to treat an ongoing health condition like diabetes, high blood pressure, high cholesterol or asthma, you can order up to a 90-day supply through our home delivery pharmacy. To get started, log in to the Oscar app or [hioscar.com](http://hioscar.com) and click on [hioscar.com/search](http://hioscar.com/search). If you're taking a specialty medication to treat a complex medical condition like multiple sclerosis, hepatitis C, or rheumatoid arthritis, you can fill your prescription through Accredo, a specialty pharmacy. Accredo will ship your medication to your home (or location of your choice). To get started, call Accredo at **877.842.9788**. They're available Monday– Friday, 7:00 am–10:00 pm CST and on Saturdays, 7:00 am–4:00 pm CST. **Be sure to call Accredo about two weeks before your next refill so they have time to get a new prescription from your doctor's office.** You can also talk with an Accredo pharmacist at any time, 24/7.

Drug Name	Tier	Restrictions / limits
<b>ANTI - INFECTIVES</b>		
<b>ANTIFUNGAL AGENTS</b>		
<i>clotrimazole mucous membrane troche 10 mg</i>	2
