

Extra money to cover over-the-counter meds, vitamins, and more at the drug store

Vitamins, first aid supplies, pain relievers, allergy meds—the cost of non-prescription pharmacy items can really add up. That's why we give Oscar Medicare Advantage members an “OTC card” loaded with up to \$200 every three months to cover these over-the-counter items and also things like food scales, Fit Bits, and Apple Watches.*

You can use your card at large pharmacies, like CVS, Walmart, and Walgreens, and local pharmacies in your own neighborhood.

Some of our participating partners include:
