2023 Provider Fine Print

Our plan

We are an EPO (Exclusive Provider Organization) plan which means:

- No referrals required

Members have 30 days from their effective date to select a PCP. If they do not select a PCP within 30 days, one will be automatically assigned to them. For plan year 2023, members will be able to reference their web account to view their latest assigned PCP. Providers must accept members even if they are not listed as the assigned PCP.

We offer the following products in your market:

- Individual and Family Plans (purchased on or off the Marketplace exchange)

Oscar also offers Medicare Advantage plans in Florida. If you are in-network for Medicare Advantage you will receive another welcome packet. If you have questions about your network status, please call 855-672-2755 for more information.

We have introduced a new plan, designed to increase accessibility and affordability for individuals with diabetes.

The following services are covered with a \$0 cost share: Primary Care office visits, diabetic retinal eye exams, diabetic foot exams, and labs to manage diabetes (HbA1c, micro-albumin/UA, metabolic panel, lipid panel). This plan also caps out of pocket costs for formulary insulin at \$100/month.

These members will have access to a diabetes management program with our partner, Livongo. Plus, members are eligible for Wellness Programs with rewards for seeing their primary care doctor, engaging with Livongo, and getting recommended care.

Search for in-network providers, labs, pharmacies, and hospitals* on hioscar.com/search.

*See Hospital and large physician group lists at the end of this packet for more details
