To find out if you are in the Oscar Guided Care HMO network, visit hioscar.com/search.

What does that mean for you?

Any member with a HMO plan **may** need a referral from their assigned PCP for specialist visits. All referrals must be submitted through Oscar's provider portal, visit hioscar.com/providers to get started.

Note: Certain specialist visits do not require a referral. For a complete list of these exclusions, please visit: hioscar.com/asset/referral-exclusions-list

What's the difference between Guided Care HMO members and EPO members?

It's simple, HMO plans require a referral for **most** specialist care visits, while EPO plans don't. At Oscar, referrals for specialist care should be submitted via the Provider Portal.

For any issues creating or accessing your portal account, please contact Provider Services at 855-OSCAR-55 (option 4).

How does the referral process work?

For PCPs | Creating a new referral

1. Login to Oscar's Provider Portal and navigate to the member's profile page.
2. Click the "Create Referral" button and follow the prompts to complete the form. Our referral form will indicate where information is needed from you.
3. Verify the information you provided is correct and submit.

For Specialist Providers | Verifying that member has a referral on file

1. Login to Oscar's provider portal and navigate to the member's profile page. Locate and click on the "referrals" tab.
2. Review the page and confirm that there is a valid referral from the member's PCP on file for your specialty. All active referrals will appear on this page.

Welcome to Oscar's HMO network, we're happy you're here!

Our plan

As an HMO (Health Maintenance Organization) plan, our members need to use network providers to get care. Referrals are required to see most specialists. Please reference your provider manual for a full list of specialties where referrals are required.

Members must select a Primary Care Provider (PCP) within a specific timeframe from their effective date. The timeframe varies by state, please refer to your state's provider manual. If they don't select a PCP within the timeframe, one will be automatically assigned to them. For plan year 2025, members can reference their web account to view their latest assigned PCP. Providers must accept members even if they are not listed as the assigned PCP.
