Specialty Drugs:

Here's what you
need to know

oscar

What are Specialty Drugs?

Here's what you need to know

Specialty drugs are prescription medications that treat complex, chronic, or rare conditions. These medications often require special handling, closer clinical monitoring, or even refrigeration.

Because of their complexity and cost, they typically need to be filled through a **specialty pharmacy** that's in-network for your plan. This helps us make sure you get the support, coordination, and care management that often comes with these medications.

Please note, select drugs are LDD (limited distribution) and may need to be filled at an out of network pharmacy. Questions? Check your plan documents for the details or call us at (855) 672-2755 from Monday - Friday, 8 a.m.- 8 p.m.

Specialty Pharmacy Network

Oscar uses CVS Specialty Pharmacy exclusively, except in the following states where additional specialty pharmacies are in-network.

State	Effective Date	Pharmacy Information	
GA	1/1/2021	Pharmascript: 5437 N. Broadway St. Chicago, IL 60640 Ph: 844-635-3221 F: 312-277-9575 Website: pharma-script.com NCPDP 1491795; NPI 1619332053
