Medicare Advantage that just makes sense

A better approach to care

Oscar partnered with Holy Cross and Memorial Health to find a better approach to Medicare Advantage. Where you get to decide what specialists to go to, where med refills are a snap and finding doctors is too. It's the kind of partnership that lets us find new ways to give you more value for a whole lot less.

Add all this together and you get Medicare Advantage that just makes sense.

With a better approach to care, we can deliver a whole lot for \$0

From coordinating care to billing, Oscar works closely with Holy Cross Health and Memorial Healthcare System to simplify your experience and ultimately support your health. Members are assigned a team of care guides and clinicians who know your plan details, doctors and specialists in your neighborhood, and find ways to save you money. This allows us to deliver more value at lower costs, without sacrificing access to top doctors in our community.

“

I had a toothache, so I called Oscar to talk to the on-call doctor. The first thing that impressed me was that it wasn't even 15 minutes after I reached out that a doctor called me back. I told him my issue, and he not only prescribed antibiotics, but painkillers too. Then from there, he said that they can deliver it right to my home. It doesn't get any better than this.
