

# We're here for you.

For families affected by the ongoing wildfires, Oscar is here to make sure you have access to any and all care you might need during these difficult times. During this state of emergency, Oscar is supporting access to out-of-network providers if in-network providers are unavailable or you've been displaced or forced to evacuate the area. You can fill your prescriptions at out-of-network pharmacies, along with replacement of prescriptions as appropriate, as well as replacements for medical equipment or supplies. For more info, contact your Concierge team online or at 1-855-672-2755. For immediate and free medical advice available 24/7, use Doctor on Call online or in the Oscar app.

Please see below for a map of our network of hospitals, and remember that **emergency services are covered** at both in-network and out-of-network hospitals.

If you have been displaced or evacuated to Ventura or an area outside of LA/OC and have an emergency, please use the closest available emergency room, your care **will** be covered.
