We have introduced a new plan, designed to increase accessibility and affordability for individuals with diabetes.

The following services are covered with a \$0 cost share: Primary Care office visits, diabetic retinal eye exams, diabetic foot exams, and labs to manage diabetes (HbA1c, micro-albumin/UA, metabolic panel, lipid panel). This plan also caps out of pocket costs for formulary insulin at \$100/month.

These members will have access to a diabetes management program with our partner, Livongo. Plus, members are eligible for Wellness Programs with rewards for seeing their primary care doctor, engaging with Livongo, and getting recommended care.

Search for in-network providers, labs, pharmacies, and hospitals* on hioscar.com/search.
