

A better primary care experience in the palm of your hand.

Oscar's new Virtual Primary Care is a virtual doctor's office that comes to you. You'll see the same team every time, and they're with you for the long term. That way you can skip the waiting room and stay safe. And best of all, Oscar Virtual Primary Care visits are always \$0.

Welcome to Virtual Primary Care.

With Oscar Virtual Primary Care, you can schedule a video or phone appointment at a time that works for you.

Virtual doctor's visits cost \$0. And so does what comes after.

Oscar Virtual Primary Care visits come with some important follow up services—all at \$0*:

- Drugs (tiers 1a and 1b)
- Labs
- Durable medical equipment
- Some imaging (like x-rays and ultrasounds)
- Your first referred specialist office visit**

Yep, you read that right.

Note: Some plans in Miami-Dade include \$0 in-person visits with a set of select providers, too.

Health care doesn't end with the appointment.

It's a journey that requires a long-term partner. Your team includes experienced doctors, nurse practitioners, and medical coordinators. You'll talk to the same people every time, and they're here to support your unique health needs.

It's always on.
