

Where to get the right care at the best price

Knowing where to get the right care makes a big difference for your health, and your wallet. And Oscar has the resources you need. Find out where you should go with this self-check guide.

Oscar's Virtual Urgent Care offerings are not available in US territories or internationally. If you have an HSA-compatible high-deductible health plan or a Secure plan, you won't be eligible for \$0 visits. Prescriptions, visits and services may be limited per provider discretion.

Staying in network always pays off

Not all providers and locations offering care services are covered by your plan. Go to hioscar.com/search to look up in-network doctors or facilities.

You're responsible for paying the cost of all care provided out-of-network. Unless, it's for an emergency medical condition or under certain limited circumstances as specifically outlined in your policy.
