

Oscar Health, Inc.

Prior Authorization List

Effective Date: 01 July 2025

This document is a quick guide for your office to use for prior authorization with patients enrolled in Oscar Health, Inc. SmallGroup insurance plans.

You can use this document as an overview of best practices working with Oscar. It will be your reference for Current Procedural Terminology (CPT®) codes for services, programs and prescriptions that require approval for coverage.

Prior Authorizations

Certain services require prior authorization before Oscar will cover their costs. Generally, in-network health care providers submit prior authorization requests on behalf of their patients, although Oscar members may contact their Concierge team at 1-855-672-2789 for Cigna+Oscar Plans to initiate authorization requests in some out-of-network cases. The prior authorization process is part of the Utilization Review (UR) activities performed by Oscar. Utilization Review is the assessment performed to determine if a medical, behavioral, or pharmacy service meets Oscar's medical necessity criteria for coverage.

Please note, prior authorizations through the Utilization Review process are not intended to provide medical advice or medical care. Medical advice and care should be discussed with treating providers.

Prior Authorization Submission: Medical

To confirm authorization requirements for a specific code or service, or to submit an authorization request, in-network Health Care Providers can use Oscar's Provider Portal at <https://provider.hioscar.com> or call 1-855-672-2789 for Cigna+Oscar Plans. Providers can use this same phone number to request authorization and check the status of an existing authorization. For services where Oscar delegates utilization review, you will be transferred to or instructed to contact the appropriate vendor. For authorization requests handled by Oscar, providers may also request authorization by faxing the Authorization Request Form located in the Provider Manual to 1-844-965-9053 or 1-855-449-4485 for California Commercial plans.

Oscar requires the requesting provider to submit the following information when requesting an authorization:

- Member information (name, Oscar ID, date of birth).
- Facility (if applicable).
- referring and treating provider name, National Provider Identifier (NPI), and Taxpayer Identification Number (TIN).
- Treatment information including diagnostic and/or procedure codes, requested amount and length of treatment(s).

Clinical information relevant to the authorization request will be requested and may include clinical notes including consultation notes, labs, radiology, and other health pertinent information.

All determinations or requests for more information in order to make an initial UR determination are made in a timely fashion appropriate for the member's specific condition, not to exceed the timeframes required by NCQA, state, and/or federal regulations. Decisions are communicated both verbally and/or in writing to providers and members, as required by regulations.

Prior-Authorization Submission: Pharmacy

Oscar plans use CVS/caremark to provide and coordinate the outpatient prescription drug benefit. Cigna + Oscar plans utilize Express Scripts to manage the pharmacy network, formulary, and all aspects of the outpatient prescription drug benefit, including any related medication management programs. Formularies are dynamic documents and can be accessed at <https://www.hioscar.com/search/>.

- For Cigna + Oscar plans, to initiate a drug authorization, call 1-800-753-2851 or electronically online at bit.ly/express-scripts-easy-epa. For questions about Cigna + Oscar prior authorizations or prescription drug appeals, call us at 1-800-753-2851.
- For California, requests can be faxed to CVS: 1-866-249-6155.

Definitions

Utilization Review

A system for Prospective, Concurrent, or Retrospective review of the Medical Necessity and appropriateness of health care services and a system for Prospective, Concurrent, or Retrospective review to determine the Experimental or Investigational nature of health care services. The term does not include a review in response to an elective request for clarification of coverage.

Prospective Review

A request for Precertification conducted prior to a health care service, admission or treatment in accordance with Oscar's requirement that the health care service, admission or course of treatment, in whole or in part, be approved prior to its provision.

Concurrent Review

A Utilization Review for ongoing health care or for an extension of treatment beyond previously approved health care conducted during a patient's hospital stay or course of treatment.

Retrospective Review

For the purposes of this UM Program, any review, for coverage purposes, of Medical Necessity conducted after services have been provided to a member. A form of Utilization Review for health care services that have been provided to a member. Retrospective Review does not include review of services for which Prospective or Concurrent Utilization Review was previously conducted or should have been previously conducted.

Health Care Provider

A person, corporation, facility, or institution that is:

- Licensed by a state to provide or is otherwise lawfully providing health care services; and
- Eligible for independent reimbursement for those health care services.

Includes a doctor of medicine, osteopathic medicine, optometry, dentistry, podiatry, or chiropractic who is licensed and authorized to practice.

Reporting

Oscar tracks the number of prior authorization requests received, and makes available prior authorization approval and denial rates on a yearly basis. Please find these statistics posted under www.hioscar.com/forms.
