

How to extend coverage for your clients

Mulberry Insurance Agency (MIA), an Oscar brokerage subsidiary, has joined Allstate Health Solutions (AHS) to give your clients an enhanced healthcare experience through their supplemental coverage solutions.

Advantages of selling with us includes:

- ✓ Protect your clients with plan features that fit their health needs
- ✓ Earn more for every plan you sell with AHS competitive commissions
- ✓ Grow and retain your book of business

How to start selling with AHS:

With an existing Allstate appointment:

You are not required to change the way you are currently selling Allstate Health Solutions plans. No changes are needed to your appointment or how commissions are paid!

Without an AHS appointment:

Sign into your Oscar account, click the "sell supplemental plans" button, and start selling. Return to your account anytime, and use the same unique link to quote and sell

What we offer:

- ✓ Dental/Vision PPO
- ✓ Dental Indemnity
- ✓ Accident/Hospitalization
- ✓ Cancer and Heart/Stroke
- ✓ Term Life Insurance
- ✓ Senior products

Product availability may differ by state. AHS Select Dental PPO and Plan Enhancer plans are only available for members under 65 years old with Individual & Family Plans.

Products to extend coverage for your clients

Most health insurance plans don't include dental, vision, or hearing benefits. That's why we're working with Mulberry Insurance and Allstate Health Solutions to provide your clients with coverage options that help fill the gaps where they need it.

Dental PPO (with or without vision)

Coverage for preventative and major dental treatments (including crowns, root canals, braces, etc). Members can add vision for as low as \$10/month.

Dental Indemnity (with or without vision)

Gives you the power of choice by providing the ability to see any dentist in or out of network. Plus, you can include vision support with a network savings card for as low as \$3 per person.

DVH PPO

For 55+ dental coverage that includes dentures and implants. To add more coverage for your eyes and ears you can add vision coverage and receive hearing discounts too.

Term Life Insurance

Provides financial support to loved ones when the covered person dies during a specified time.

Cancer and Heart/Stroke

Treating cancer, a heart attack, or stroke can be very costly and emotionally taxing. Reduce financial stress by covering everything from transportation to medical bills in case of a serious illness

Plan Enhancer

Enhance your existing coverage in case of an accident and help prepare for the unexpected and expensive bills that may come your way. You can also add on critical illness and hospital coverage
