Oscar 2024 Formulary

List of Covered Drugs

oscar

What is the Oscar Formulary?

A formulary is a list of covered drugs selected by Oscar in consultation with a team of health care providers, which represents the prescription drug therapies believed to be a necessary part of a quality treatment program.

Oscar will generally cover the drugs listed in our formulary as long as the drug is medically necessary, the prescription is filled at an Oscar In-network pharmacy, and other plan rules are followed. This Formulary was updated as of 05/01/2024.

The first column of the chart lists the drug name. Brand name drugs are capitalized (e.g., OTEZLA) and generic drugs are listed in lower-case italics (e.g., *carvedilol*). There are two ways to find your drug within the formulary:

1 Medical Condition

The formulary begins on page 1. The drugs in this formulary are grouped into categories depending on the type of medical conditions that they are used to treat. For example, drugs used to treat a heart condition are listed under the category, Antiarrhythmics. If you know what your drug is used for, look for the category name in the list that begins page 1. Then look under the category name for your drug.

2 Alphabetical Listing

If you are not sure what category to look under, you should look for your drug in the Index. The Index provides an alphabetical list of all of the drugs included in this document. Both brand name drugs and generic drugs are listed in the Index. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information. Turn to the page listed in the Index and find the name of your drug in the first column of the list.

What are generic drugs?

Oscar covers both brand name drugs and generic drugs. A generic drug is determined and approved by the FDA to be therapeutically equivalent to the Brand drug and has the same active ingredient. Generally, generic drugs cost less than brand name drugs.

Are there any restrictions on my coverage?

Some covered drugs may have additional requirements or limits on coverage.

These requirements and limits may include:

- **Prior Authorization:** Oscar requires you [or your physician] to get prior authorization for certain drugs. This means that you will need to get approval from Oscar before you fill your prescriptions. If you don't get approval, Oscar may not cover the drug.
- **Quantity Limits:** For certain drugs, Oscar limits the amount of the drug being filled. For example Oscar may limit a drug to only 30 pills in a 1-month timeframe. These amounts will be listed in the formulary below if they are applicable to your medication.
- **Step Therapy:** In some cases, Oscar requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, Oscar may not cover Drug B unless you try Drug A first. If Drug A does not work for you, Oscar will then cover Drug B.

You can find out if your drug has any additional requirements or limits by looking in the formulary that begins on page 1.

What if my drug is not on the Formulary?

If your drug is not included in this formulary, you should first contact Concierge and ask if your drug is covered.

If you learn that Oscar does not cover your drug, you can ask Concierge for similar drugs that are covered by Oscar. Discuss these alternatives with your doctor and ask him or her to prescribe one of the alternatives that are covered by Oscar.

How do I request an exception to the Oscar Formulary?

Your Doctor can ask Oscar to make an exception to our coverage rules. Generally, Oscar will only approve your request for an exception if the alternative drugs included on the plan's formulary would not be as effective in treating your condition and/or would cause you to have adverse medical effects.

Can the Formulary change?

Please note, the formulary is reviewed and updated on a monthly basis and may be subject to change. Most changes in drug coverage occur on January 1, but Oscar may add or remove drugs on the Drug List during the year, move them to different cost-sharing tiers, or add new utilization management restrictions. If you are impacted by a change to the formulary, Oscar will aim to notify you at least 60 days prior to the change becoming effective.

If we make such a change, you or your prescriber may request an exception for continued coverage. You can find information in the section above entitled "How do I request an exception to the Oscar Formulary?"

You can contact Concierge to find out if your drug is still covered, visit hioscar.com and log in to your plan specific account, or use the Oscar app drug search feature.
