

Prescription Drug List

2022 Express Scripts High Performance Formulary for Cigna + Oscar*

All Cigna + Oscar plans include the Express Scripts Network, so you can fill your prescriptions at retail pharmacies, national pharmacy chains, and independent pharmacies.

View your drug list online: www.hioscar.com/drug-formularies. Visit cignaoscar.com/search to see if your pharmacy is in-network. Check the cost of any medications before and after your deductible by logging into your member account at cignaoscar.com/member. For HSA plans reference the Preventative Drug List for a list of drugs that do not require you to satisfy the plan's deductible.

Any questions? Message with your Care Team or call 855-672-2789.

For Tennessee: Cigna + Oscar LocalPlus, Cigna + Oscar Open Access Plus

List of Abbreviations

ACA: Affordable Care Act. No cost-share preventive medications: Health care reform under the Affordable Care Act (ACA) requires that most plans cover certain categories of medications and other products as preventive care services. These medications may be available to you at no cost-share (copay, coinsurance and/or deductible) and includes contraceptives and certain over the counter items. A prescription is required for over-the-counter preventive medications to be covered at no cost-share.

CSL: Oral cancer medications subject to cost-share limits: State law in Tennessee limits the cost-share (or amount you'll pay) for certain oral chemotherapy medications.

OTC: Over the Counter. An OTC drug is a non-prescription drug.

PA: Prior Authorization. The Plan requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QL: Quantity Limit. For certain drugs, the Plan limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, the Plan requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.
