### What kind of insurance is it?

Electrical and electronic household appliances ("white" goods), audiovisual appliances ("brown" goods) provided these appliances are listed in Annex 1 "Covered appliances" of current insurance contract. These appliances are only insured if they were bought new by the insured and paid for in full with the Keytrade Bank VISA Platinum card and insofar as the manufacturer's and supplier's legal guarantee has already expired. Moreover, their purchase value must be between €150 and €5,000. This guarantee is valid for a period of 2 years after the period of the legal guarantee.

#### What is insured?

##### Guarantee

##### Telediagnosics

- ✓ In case of a claim, the insurer performs an initial remote diagnosis during the telephone call based on the information communicated by the insured person.

##### Troubleshooting and repairs

- ✓ If the telediagnosics failed to resolve the problem, the insurer will organise an appointment between the repairer approved by the insurer and the insured person within 24 hours following receipt of the supporting documents. The repairer will repair the insured device within 5 working days following the receipt of the supporting documents.
- ✓ These terms are valid only insofar as the insured person is available to receive an authorised repairer. If the authorised repairer cannot repair the insured appliance at the insured person's home, the insurer will organise transport and pay the transport costs - there and back - of the insured appliance.
- ✓ If the insured appliance is transportable (e.g. microwave oven), the insured must follow AXA Assistance's instructions to send the appliance to the place where it will be repaired. The transport costs back and forth will be borne by the insurer.
- ✓ The insurer pays the cost of the authorised repairer's intervention and the repair cost.
- ✓ If the breakdown results in a washing machine, refrigerator or freezer being out of use for more than 7 working days, the authorised repairer will, at the request of the insured person, supply and install a loaner appliance with the same use within 24 hours. This replacement appliance does not have to be of the same model or make and this is subject to availability of the equipment and acceptance of all loan conditions imposed by the authorised repairer.
- ✓ The loan period shall correspond to the duration of the repair of the defective insured appliance, not exceeding 30 consecutive calendar days and shall in any case be terminated after delivery of the repaired insured appliance.
- ✓ If a loaner cannot be delivered in time, the insurer undertakes to pay compensation of 50 euros including VAT to the insured person.
