Prepare, Prevent, and Protect

for a Return Ready workplace!

Proxyclick's visitor management system is committed to helping your business become Return Ready, by providing you the technology you need to transition to your return to the office.

Prepare

Screen visitors ahead of time with custom questionnaires.
Educate visitors by sending ahead health and safety instructions with mandatory videos and images.

Prevent

Equip visitors with unique QR codes they can scan at front desk tablets or at access control points for a touchless check-in.
Deny visitors' access to your building if they do not meet your health and safety criteria.

Protect

Easily export a full audit trail of visitor logs to enable contact tracing in case of an outbreak.
Uphold data privacy laws with automatic data deletion of sensitive visitor information after a specific date.

We're here to help and always happy to hear from you!
