

**US SIF works to ensure that the US capital markets play an active role in driving investments toward more sustainable and equitable outcomes.**

US SIF and its members are the leading voices of sustainable investment. We aim to create a level capital markets' playing field which includes increased transparency and disclosure across the industry.

US SIF's 200+ Members represent trillions in assets under management or advisement and include actors across the entire capital markets value chain– from asset owners, financial advisors, asset managers, institutional investors, and community investment institutions to data and service providers that support the industry.
